Dear Publisher

we have just checked our transaction to transfer payment of APC into your account bank at our bank in Indonesia and we get information that the transfer was in progress from the Indonesian central bank to your country about 3 days later, so there is no return and rejection from your bank in your country.

Dear Assoc. Prof. Dr. Azizul Kholis

We contacted Payspera bank. They told us that between April 11 - May 15, 2022, payments were not credited to the Payspera bank account due to changes in the law. All payments were automatically returned to the senders' banks.

We did not receive your payment. Therefore, you need to write a formal request to your bank to return your payment.

You can request the bank to search for the payment
<https://www.smb.com/our-solutions/tech/gps/anti-enc-bank/defining-added-value>

We did not receive a number of payments during this period and they were all returned to the senders automatically without crediting our account.

Many of our authors have already received refunds and have already emailed us about it! You need to be persistent with your bank.

Yours sincerely,
Wenguan Tao,
Associate Editor-in-Chief
