

PREFACE

Praise and thank God for all His graces and gifts so that this thesis can be completed properly in accordance with the planned time. Thesis entitled "**The Development of Experiment Student Worksheet Based on Guided Inquiry Assisted by PhET Simulation in Work and Energy Topic**", was prepared to obtain a Sarjana Pendidikan (S1) in Physics Education, Faculty of Mathematics and Natural Sciences, Universitas Negeri Medan.

On this occasion the author would like to thank the Chancellor of the Universitas Negeri Medan, Mr. Dr. Syamsul Gultom, S.KM, M.Kes, Mrs. Prof. Dr. Fauziyah Harahap, M.Si as Dean of FMIPA, Mr. Dr. Wawan Bunawan, M.Pd., M.Si, as the head of the Physics Department of FMIPA Unimed, Mrs. Dr. Dewi Wulandari, S.Si, M.Si as chairman of the department of Department of Physics Education, and Mr. Sabani, S.Pd., M.Si as secretary Department of Physics, Dr. Elly Djulia, M.Pd as Coordinator of Bilingual Class, and Dr. techn Marini Damanik, S.Si., M.Si. as secretary of Bilingual Class.

The author also would like to thank Mrs. Prof. Dr. Derlina, M.Si as the thesis supervisor who has provided a lot of guidance, direction, and suggestions to the author, from the beginning until the completion of thesis writing. The author also would like to thank Prof. Dr. Sahyar, MS, MM, Mr. Sabani, S.Pd., M.Si and Mr. Mukti Hamjah Harahap, S.Si., M.Si as examiners who have provided a lot of constructive input and suggestions in improving the writing of this thesis. The author would also like to thank Mr. Budiman Nasution, S.Pd., M.Si as the lecturer at the seminar proposal and thesis Defense, and also to Mr. Juniar Hutahaeon, M.Si and Mrs. Yeni Megalina, S.Pd., M.Si as material validators and Mr. Deo Demonta Pangabeon, M.Pd and Mr. Budiman Nasution, S.Pd., M . Si as the media validator for the LKPD that the author used when research. Do not forget to also say thank you to Mr Drs. Jurubahasa Sinuraya, M.Pd as the academic supervisor. The author also thanks the entire range of functionaries at SMA Negeri 10 Medan, especially Mrs. Tianas Simanjuntak, S.Pd., M.Si as a physics subject teacher who has helped and guided the author in conducted research at SMA Negeri 10 Medan.

In particular, the author would like to express her deepest gratitude to the people whom the author really cares about, Father Alm. Drs. Jonson Manurung and Mother Nurmawaty Rumapea and my sisters Lastiar Krisnawaty Manurung, Cyntya Tri Hartati Manurung and Sinta Marito Manurung who always provide support in terms of material, motivation, advice and especially for prayer and affection so that the author can complete study at Universitas Negeri Medan.

The author also would like to thank and especially to Melki Silalahi, who always give motivation, prayers, enthusiasm, and time and became a place to share the joys and sorrows of the author during her undergraduate education. The author would like to thank all her friends, especially Beh aka Margaretha Panjaitan, who has always been the writer's best friend and to Kurcaci Squad, Debora Manurung and Riski Nainggolan, as well as to the boarding house Janetta, Yenni, Gracia, Enjelina, and Eunike who is always willing to be bothered by the author, especially to his roommate and comrade in writing this thesis Ezra Giovany.

Thank you also to Madu Empat, who are overseas friends from Batam, Ganna, Ruthyo, Ezra and Frando and also to the author friends of KKN Bintan, and to their comrades in arms Kemenangan Terjadi Disini group, Febry, Dita, Princess, Nova, Cindi, Nia, Noni, Ronaldo, Aris and all the 2017 Bilingual Physics students that the authors cannot mention one by one. Thank you also to the organization IKBKF that always supports the author during undergraduate education.

The author has tried her best in completing this thesis, but the author realizes that there are still many weaknesses in both the content and grammar of the thesis writing, for that the writer expects suggestions and criticism from the readers for the perfection of the thesis. Hopefully this thesis can be useful in enriching education knowledge.
