

ACKNOWLEDGEMENT

Shalompraise and gratitude the authors say to the Jesus Christ, for all His blessings and gifts, so that the author can complete the thesis with the title: “Development of Digital Encyclopedia with Model ADDIE Sub Genetic Analyst on Biotechnology Course in Biology Departmen Universitas Negeri medan”. The author realizes that the preparation of this thesis could not be completed without the support of various parties, either directly or indirectly. Through this opportunity, the author would like to express his gratitude to all those who have helped in the preparation of this thesis.

In the preparation of this thesis, the author received a lot of help from various parties, therefore on this occasion, the author would like to express his gratitude to Mr. Dr. Diky Setya Diningrat, as thesis Advisory Lecturer who has provided extraordinary guidance as well as motivation and suggestions to the author in completing this thesis. The author also thanks Dra. Meida Nugrahalia, M.Sc, Mrs. Dr. Elly Ely Djulia, M.Pd., and Mrs. Khairiza Lubis, S.Si., M.Sc., Ph.D. as examiners who have given many suggestions and inputs towards writing this thesis. I also express my sincere gratitude to my academic advisor, Mrs. Dra. Cicik Suriani, M.Sc. for his guidance during the Biology major class. Thank you to the Head of the Biology Department, Mr. Dr. Hasruddin, M.Pd., as well as to all Mr. and Mrs. Lecturers and staff employees of the Department of Biology, Faculty of Mathematics and Natural Sciences, State University of Medan, who have helped the author so far. learning process thanks to the Bilingual Coordinator, Dr. Ely Djulia, M.Pd. and Bilingual Secretary Mrs. Dr. Marini Damanik, S.Si., M.Sc.

My enormous appreciation to Mr. Ahmad Shafwan Pulungan, SP.d, M.Sc. Mr. Syahmi Edi, M.Sc., Mr. Adek Cerah Kurnia Aziz, S.Pd., M.Pd., and Mr. Dr. Hasruddin, M.Pd. as my validator for the development of my encyclopedia, who has provided suggestions and input for the improvement of my encyclopedia, to all students of Class D Education Biology 2018 for their participation as a sample of my research.

On this occasion, the author especially would like to thank my parents, Mr.

Saut Simanullang and Mrs. Mei Situmorang, S.Pd. who always give love, support, guidance and who always pray unceasingly for the author so that he can finish this thesis and get to this stage. To the writer's brothers and sisters, namely: Lambas Ria Simanullang S.Far, Kiki Dian Vera Wati Simanullang S.H, Jungjung Simanullang, Dede Dia Daniati Simanullang, Ester Rejeki Simanullang, Romida Simanullang, Bintang Elisabet Simanullang, Anugrah Alexio Simanullang, Hans Ios Deo Simanullang, Sean Amon Simanullang who always support pray and provide motivation in all aspects.

My appreciation to my best friends (Hanya Temanku) Candra Pudan Sihombing, Veronika Turnip, Monica Lumban Tobing, Az-Zahra, who always work together on thesis and support each other. The author also expresses his gratitude to high school friend Febry Ruth Wahyuni Sihite who always gives encouragement and support to the author, the author also expresses gratitude to my friend Verawaty Theresita Butar-Butar who always gives me enthusiasm and support to get to this stage. and to my friends at Bilingual Biology Education 2017 thank you for your encouragement and motivation.

Additional thanks to all those who have prayed for and supported me in the various things that have been shown to me for the completion of my thesis, especially to those who have taken their valuable time to help me complete this thesis. Hopefully this thesis can contribute to improving the quality of education in this country. Author has tried his best in the preparation of this thesis, but the author realizes that there are still many weaknesses and shortcomings both in terms of content, writing techniques and quantity used. Therefore, the author expects suggestions and constructive criticism to improve this thesis author hopes that this thesis is useful in enriching science and the field of Biology education.
