

## **PREFACE**

Praiser due to Allah SWT who has given health, opportunity and mercy to complete this thesis. Blessing and salutation be upon the most honorable prophet and messenger Muhammad SAW, his family and disciples who had delivered the truth to human beings in general and Muslim in particular.

The grateful thanks goes to my supervisor Dr. Rita Juliani, S.Si., M.Si. for guiding, giving suggestion, and correction since the preliminary of manuscript until the completing of this thesis. Furthermore, the researcher regard addressed to the head program of Bilingual Coordinator, Physics Departement, and all of lecturer in Faculty of Mathematics and Sciences Universitas Negeri Medan for advice, motivation and useful knowledge. The researcher also would like to extend the deep thanks to headmaster SMAN 3 Pematangsiantar and physics tutor is Monang Hutapea, S.Pd. who have helped the researcher in conducting this researcher.

Finally, the greatest thanks and appreciation goes to my lovely family who always support me in any situation; the researcher's father is Rodi Hartono, the researcher's mother is Marianna Manurung and the researcher's younger sister is Khanza Jelita Hartono. Thankfulness also goes to all friends in Bilingual Physics 2018 for cheerful day, togetherness, motivation and for being place and share. Lastly, I want to thank myself.

Any corrections, comments and critics for the improvement of this final work are always opened and the heartedly welcome. May Allah SWT always bless them all. Aamiin Ya Rabbal 'aalamiin.

Medan, 18<sup>th</sup> October 2022

Researcher

**Jessica Kristanti Hartono**
