

## ACKNOWLEDGEMENT

Praise and gratitude the author prays to the Lord, Jesus Christ for His blessings, this thesis can be completed properly. The thesis entitled "The Development of Learning Media "Adobe Animate" to Increase Students' Learning Outcomes in Hydrocarbon Materials" was prepared to obtain a Sarjana Pendidikan Kimia degree. The author humbly realizes that this thesis is still far from perfect, but with the efforts and the support, encouragement from various parties, this thesis can finally be completed.

On this occasion, the author would like to express his thankful to Mrs. Dr. techn. Marini Damanik, M.Sc. as a thesis supervisor who has provided a lot of guidance, advice and input to the author from the beginning of the research until the completion of this thesis writing. The author also expresses his thankful to: Prof. Drs. Manihar Situmorang, M.Sc., Ph.D., Mrs. Nora Susanti, S.Si., M.Sc., Apt., and Mr. Feri Andi Syuhada, S.Pd., M.Pd. as a thesis examiner who has provided suggestions and input so that the research and writing of this thesis can run well. Thanks, are also conveyed to Mrs. Dr. Iis Siti Jahro, M.Sc. as an academic supervisor, and the author's thankful goes to all lecturers and staff of the department of chemistry, FMIPA Universitas Negeri Medan, who have helped the author both in lectures and in the preparation of this thesis. Thanks, are also conveyed to the principal of SMAN 7 Medan, Drs. H. Masri Lubis. M.Si., deputy principal, administrative staff, chemistry teachers, especially Mr. Alwin Parulian Lubis, S.Pd., M.Si., and students of class XI IPA 2 SMAN 7 Medan who has helped the author during the research continuing.

The author also would like to thank the author's father Tambun Sianturi and especially the author's beloved mother Moina Rosdiana Tambunan who fought hard in educating, schooling and always supporting all the activities that the author did so that the author could obtain a Bachelor's degree. Thanks also to the author's siblings: Sister Monica Sari Sianturi, S.Pt., M.Ling., Brother Ricky Panji Sianturi, S.Pd. and Brother Amzesmoro Sianturi, S. Kom., who has been supporting the author in his studies.

The author also thanks to 18 Bar Bar (Best), Usy, Rut, Dortavia, Johan, Andreas, Lusiana, Hanna, Tohoma, and Dian who always provide support for being unproductive to the author, keep spirit for you guys in working on the thesis. To my friends in arms who got this bachelor's degree, CESP 2018 especially for Bagi Bagi Club, Ade Silvia, Elssya, Ester, Julianse, Maydline, and Titin, who also provided support even though the author knows you all also need support, thank you for all the help, enthusiasm and prayers, good luck always. Hopefully in the future we will become educators who can be role models and examples for all students.

The author also thanks to the partner in study who is humble and not arrogant, Meli Sartika Silaban, S.Pd., who is always willing to work together with the author to accomplish chemistry problems, share joy and sorrow, and encourage the author during lectures, especially in carrying out research, the author hopes that she will become successful person in the future.

Last but not least, I wanna thank me, I wanna thank me for believing in me, I wanna thank me for doing all this hard work, I wanna thank me for having no days off, I wanna thank me for, for never quitting, I wanna thank me for always being a giver, and tryna give more than I receive, I wanna thank me for tryna do more right than wrong, I wanna thank me for just being me at all times.

The author also wants to write his life motto “Just go for it, because I believe, I can do it, and I have a dream. You need to believe on yourself, that's confidence” which makes the author not give up easily and always be confident.

May all the goodness given to the author; God will repay and reward through His blessing. Hopefully this thesis is useful for all readers. Author also has to apologize if there are mistakes and thank you very much for your attention.
