

## ABSTRAK

**Cindi Anisah Rahmadani, NIM 7172141009, Pengaruh *Financial Behaviour* dan *Self Control* Terhadap Perilaku Konsumtif Mahasiswa Pendidikan Ekonomi Universitas Negeri Medan Tahun Masuk 2018. Skripsi, Jurusan Ekonomi, Program Studi Pendidikan Ekonomi, Fakultas Ekonomi, Universitas Negeri Medan 2022.**

Masalah penelitian ini adalah rendahnya *self control* mahasiswa Pendidikan Ekonomi Universitas Negeri Medan Tahun Masuk 2018. Penelitian ini bertujuan untuk mengetahui seberapa besar pengaruh *financial behaviour* dan *self control* terhadap perilaku konsumtif mahasiswa Pendidikan Ekonomi Universitas Negeri Medan Tahun Masuk 2018.

Penelitian ini dilakukan di Fakultas Ekonomi Universitas Negeri Medan dengan populasi seluruh mahasiswa jurusan Pendidikan Ekonomi Tahun Masuk 2018 dan sampel berjumlah 89 orang. Uji instrument penelitian menggunakan uji validitas dan reliabilitas dilakukan dengan aplikasi *software SPSS 25 for windows*. Teknik analisis data penelitian: uji normalitas, uji linearitas, uji multikolinearitas, linear berganda, koefisien determinasi, uji t dan uji f dengan menggunakan aplikasi *software SPSS 25 for windows*.

Hasil uji t menunjukkan *financial behaviour* berpengaruh positif terhadap perilaku konsumtif pada mahasiswa jurusan Pendidikan Ekonomi Tahun Masuk 2018 dengan  $t_{hitung} > t_{tabel}$  ( $5.567 > 1.987$ ) dengan taraf signifikansi  $\alpha$  ( $0.0 < 0.05$ ). *Self control* berpengaruh positif terhadap perilaku konsumtif pada mahasiswa jurusan Pendidikan Ekonomi Tahun Masuk 2018 dengan  $t_{hitung} > t_{tabel}$  ( $2.962 > 1.987$ ) dengan taraf signifikansi  $\alpha$  ( $0.004 < 0.05$ ). hasil uji f menunjukkan *financial behaviour* dan *self control* memiliki pengaruh yang signifikan terhadap perilaku konsumtif pada mahasiswa jurusan Pendidikan Ekonomi Tahun Masuk 2018 dengan  $F_{hitung} > F_{tabel}$  ( $25.157 > 3.10$ ) dengan taraf signifikansi  $\alpha$  ( $0.000 < 0.05$ ). Hasil perhitungan regresi linear berganda diperoleh hasil  $Y = 17.518 + 0.358 X_1 + 0.389 X_2$  dengan koefisien determinasi sebesar 36.9%.

**Kata Kunci : *Financial Behaviour, Self Control, Perilaku Konsumtif***

## **ABSTRACT**

**Cindi Anisah Rahmadani, NIM 7172141009, Influence of Financial Behaviour and Self Control of the Consumptive Behaviour of Medan State University economic education student in 2018 entry year. Thesis, Department of Economics, Economic Education Study Program, Economics Faculty, State University of Medan 2022.**

The problem of this research is the low self-control of Economics Education students at Medan State University in 2018. This study aims to determine how much influence financial behavior and self-control have on the consumptive behavior of Economics Education students at Medan State University in 2018.

This research was conducted at the Faculty of Economics, Medan State University with a population of all students majoring in Economics Education in 2018 Entrance and a sample of 89 people. Test the research instrument using validity and reliability tests carried out with the SPSS 25 for windows software application. Research data analysis techniques: normality test, linearity test, multicollinearity test, multiple linear, coefficient of determination, t test and f test using the SPSS 25 for windows software application.

The results of the t test show that financial behavior has a positive effect on consumptive behavior in students majoring in Economics Education in 2018 Entrance with  $t_{count} > t_{table}$  ( $5.567 > 1.987$ ) with a significance level of  $\alpha$  ( $0.0 < 0.05$ ). Self-control has a positive effect on consumptive behavior in students majoring in Economics Education in 2018 Entrance with  $t_{count} > t_{table}$  ( $2.962 > 1.987$ ) with a significance level of  $\alpha$  ( $0.004 < 0.05$ ). the results of the f test show that financial behavior and self control have a significant influence on consumptive behavior of students majoring in Economics Education in 2018 Entrance with  $F_{count} > F_{table}$  ( $25.157 > 3.10$ ) with a significance level of  $\alpha$  ( $0.000 < 0.05$ ). The results of multiple linear regression calculations yield  $Y = 17,518 + 0,358 X_1 + 0,389 X_2$  with a coefficient of determination of 36.9%.

**Keyword : Financial Behaviour, Self Control, Consumptive Behaviour**
