P.S. Indexing totally depends on content, indexing partner guidelines and their indexing procedures. This is the reason sometime indexing happens immediately and sometime it takes time. Publication with IJSTR does not guarantee that paper will surely be added indexing partner website. The whole process for including any article (s) in the Scopus database is done by Scopus team only. Journal or Publication House doesn't have any involvement in the decision whether accept or reject a paper for the Scopus database and cannot influence the processing time of paper.
