Reviewer Summary

Rate the overall quality of this paper on the following scale (Select):

3 = Good

The research methodology section needs to be added with how the data is collected, because this will be transparent to the reader

The conclusions are too short and do not clearly interpret the content of the study. Authors are advised to rewrite their conclusions

There are theoretical implications presented. However, I would like to see the implications for policy recommendation as well and briefly in the abstract

Presentation Quality: in this section, please evaluate the presentation of the paper, aside from technical issues.

The author must map similar studies beforehand to show the novelty of this research

Is the title appropriate?

A = Yes, it is
