14. As well as other parties who have helped the author in complete this skripsi.

This thesis was completed by the author with all the efforts that have been made. However, the author realizes that there are still many shortcomings and weaknesses in terms of grammar, content, and quality, this is due to the limited knowledge and experience that the author has. So, the writer expects constructive criticism and suggestions so that this thesis can be better. The author hopes that this thesis can provide benefits to the readers, Aamiin.
