

PREFACE

The author would like to express her gratitude to her Saviour, Jesus Christ for all of His love and blessings, so the author enabled to accomplish this research on time. The title of this thesis is "**The Development of Comic Based on Inquiry Model as Learning Media to Improve Student's Motivation in Momentum and Impulses for Grade X at SMAN 2 Medan**" and it was written for a Bachelor's degree in Physics Education at University Medan State's Faculty of Mathematics and Natural Sciences.

On this occasion, the author wishes to express his gratitude to Prof. Dr. Derlina , M.Si, as thesis supervisor who has given the author with invaluable assistance and recommendations during the production of this thesis. Dr. Rahmatsyah, M.Si , Dr. Alkhafi Maas Siregar, M.Si and Sabani, S.Pd., M.Si, as examiner lecturers who has provided author with numerous comments, suggestion and ideas from research planning to the conclusion of this thesis. To Bilingual Class Coordinator, Dr. Ely Djulia, M.Pd and secretary for Bilingual Class Dr. Techn Marini Damanik, M.Si. The authors also express their gratitude to the lecturers and staff of the Department of Physics who have helped the author during the completion of her studies at Unimed.

The author would also thank you to Mr. Drs. Buang Agus, M.Pd as the Principal of SMAN 2 Medan and to Mrs. Azroini, S.Pd., M.Pd as a teacher in the field of physics studies who has helped and guided the author during the research and to the teachers and administrative staff of SMAN 2 Medan who have helped the writer during the research. Thanks also to the students of class XI MIA 1 and XI MIA 2 SMAN 2 Medan who have supported the preparation of this thesis.

My biggest thanks to my family especially mom and dad for all the support you have shown me through this research. The author would like to thank fellow friends that helping and motivating author during this process Aulia Ramadhani, Elfi Dwi Ansa Nainggolan, Difahar Nilsa and Dwi Anggreani. Most importantly, I want to thank my partner, Mark Erwin, for his unwavering support and encouragement every day, even from afar, which always made a difference in my day. It's been fantastic to watch you grow in your career and academic, and I hope to join you soon. May the next chapter of our adventures involve a bit less Zoom across timezone.

Last but not least, I want to thank myself. I want to thank myself for believing in me. I want to thank myself for doing all this hard work. I want to thank myself for never quitting. I want to thank myself for just being me all the time.

The author realizes that this thesis still has shortcomings and deficiencies; however, while expecting constructive criticism and suggestions, the author hopes that this thesis can be useful for readers and related parties.
