

## INTRODUCTION

*Shalom*, praise and gratitude the authors say to the Jesus Christ, for all His blessings and gifts, so that the author can complete the thesis with the title “Analysis of Students Critical Thinking Skills Of The Respiratory System Material In The Senior High School 5 Class XI MIPA Academic Year 2021/2022”. This thesis was prepared to fulfill one of the requirements to obtain a Bachelor of Education degree at the Bilingual Biology Education Study Program, Departement of Biology, Faculty of Mathematics and Natural Science (FMIPA) State University of Medan.

On this occasion the author would like to say thank you to Mr. Ahmad Shafwan S Pulungan S.Pd., M.Si as a thesis supervisor who has helped a lot for mentoring, direction, advice, motivation and taking the time from the beginning of research planning until the completion of thesis writing process. Thanks are also conveyed to Mr Prof. Dr. rer. nat. Binari Manurung, M.Si, Mam. Dr. Tumiur Gultom, SP, MP and Mam. Khairiza Lubis, S.Si., M.Sc., Ph.D as examiners who have provided input and suggestions to improve the preparation of this thesis. The author also thanks Mam Dra. Martina Asiati Napitupulu, M.Sc. as an academic supervisor who has provided a lot of guidance during the lecture period. Thank you again to the honorable Mam. Prof. Dr. Fauziyah Harahap, M.Sc., as the Dean of the Faculty of Mathematics and Natural Science, Dr. Hasruddin M.Pd., as the head of the biology department, Mam. Dr Ely Djulia, M.Pd. as the coordinator of the Bilingual education study program who has helped the writer during the lecture period. The author would also like to thank Mr. Wasis Wuyung Wisnu Brata, S.Pd., M.Pd., as a lecture who has assisted in validating my research instrument. The author would also like to thank the to headmaster of Senior High School 5 Medan, Mr Suprayitno, S.Pd M.Si. who has provided the opportunity to conduct research at school. The author would also like to thank Mam Fatmawati S.Pd as a Biology teacher who also gave permission and direction to do my research until final, the last I will say Thank you to all my students in XI MIPA Senior High School 5 Medan.

On this occasion, the author would like to thank and express gratitude and dedicate this thesis specifically to my parents, Mr Jonathan surbakti and Mam Agustina br tarigan who have provided support, prayers, and love in the form of material and time. Thank you for the motivational words given to me to always be enthusiastic in pursuing my goals and hopes. I would like to say thank you to my one and only little sister Lidia sabrina br surbakti for the prayers and your love to me.

Thank you also to my classmate in Bilingual Biology Education 2018, thank you for all the happy and sad stories that have been passed during the lecture period that I can mention one by one. The author also thanks my beloved friend my Shining Shimering Splendid (Damayanti sinambela and Melva O togatorop). The author also thanks to my best sister Shanty stevania pangaribuan, thank you for the endless motivation and love given to me. Finally the author would also like to thank myself for having endured and for the spirit to go through every process during the preparation of this thesis keep your spirits up, prove that you are able to make your parents proud. The author has tried his best in the preparation of this thesis, but the author is fully aware that this thesis still has many shortcomings, both in terms of language. With humility the author expects suggestions and constructive criticism from readers.
