

## PREFACE

First of all, praise to Jesus Christ for the presence of plenty of mercy and his grace, so that the writer can complete the thesis with the title: “The Effect of Problem Based Learning Model on Environmental Change And Conservation Topic Towards Students’ Learning Outcomes in Tenth Grade of Science Programme of SMA Negeri 1 Berastagi”. This thesis is a requirement for achieving a Bachelor of Education Department of Biologhy at Faculty of Mathematics and Natural Sciences, University of Medan.

Thanks to the confidence and support from some people morally and materially, that made the author finally faced and overcome the difficulties and obstacles well, so this thesis could be completed. On this occasion, the author would like to express gratitude to a few parties where the assistance, guidance, and encouragement so that I can finish this thesis, namely to my thesis supervisor, Sir Drs M. Yusuf Nasution, M.Si for his guidance, support, and motivation to the author from beginning until the completion of this thesis, without his guidance, this thesis would not have been possible. The great appreciation is addressed to my thesis examiner Dr. Ashar Hasairin, M.Pd., Ma’am Dra. Martina Asiati Napitupulu, M.Sc., and Ma’am Dra. Meida Nugrahalia, M.Sc. for gave advice, support and suggestion during writing research proposal till finishing this thesis. The writer would like to thank to Ma’am Dra. Meida Nugrahalia, M.Sc. as academic supervisor during study in University of Medan. The writer would like to thank to Sir Dr. Hasruddin, M.Pd. as expert lecture to validated her research instrument about enviromental change and conservation topic who gave suggestion and advice during validation research instrument.

The author would like to thank to SMA Negeri 1 Berastagi, which have helped the implementation of this research and sample for research, specially for Mister Alberto Colia, M.Pd. as headmaster, and Pak JAS. Ma’am Florida br Ginting, S.Pd. as tutor for my research, all school members and staff and also big

appreciation for grade X MIPA1 and MIPA 2 as my research sample who have responded, reacted, and gave time for this research.

Thankfulness for **author**\* my beloved **parents**, father Setia Panus Barus, mother Ponce Br Tarigan, S.pd. who always prayed and motivated the author in completing my studies at University of Medan for their everlasting love and support. Bibik and Kak Lina, Bg Kia, Steven, Gita dan Kak Eva for their support. Her sincere thanks to oldest brother Fery Doanta Barus sister in law Herniati Saragih and my adorable niece twin Yoel and Yola, oldest brother Prima Haslanta, SE, youngest and lovely brother Aldiyo Barus, Sp and also Deep appreciation also addressed to her blessed friends also called as Solid S.Pd. and S.T. are Elisa Lumbantungkup, Enni Dosmaria Sihotang, Hayeta Dorea Maylita Sinurat, Indah Sitanggang, Irwan Saputra Sijabat, Rahel Natalia Saragih, and Sonya Chintya Tobing as her best part in life.
