

PREFACE

Praise and gratitude the authorsays to Allah SWT for all the gifts that have been given to the author so that the author can complete this thesis properly.

The thesis entitled "Analysis of critical thinking skills of junior high school students in science learning on the material of life organization systems" was prepared as one of the requirements for obtaining a Bachelor's degree in Science Education, Faculty of Mathematics and Natural Sciences, State University of Medan.

This thesis could not be separated from the help of various parties, so on this occasion, the author with all humility and respect expresses gratitude to Mrs. Dr. Ely Djulia, M.Pd. as a Thesis Advisor who has provided a lot of guidance and advice to the author since the beginning of the submission of the title of the proposal until the completion of this thesis. The author also thanks Mrs. Melva Silitonga, M.S, Mr. Aristo Hardinata, M.Pd, and Mrs. Wina Dyah Puspita Sari, M.Si. as the Examining Lecturer who has provided many inputs and suggestions from the research plan to the completion of the preparation of this thesis.

Thanks are also conveyed to Dr. Alkhafi Maas Siregar, M.Si. as an Academic Advisor who has provided a lot of guidance and advice as well as motivation during the author's education at the State University of Medan. Then thank you to the Head of the Biology Department, Dr. Hasruddin, M.Pd, Mrs. Endang Sulistyarini Gultom, S.Si as Secretary of the Department, and Mrs. Wina Dyah Puspita Sari, M.Si. as Chair of the Science Education Study Program and Mr. and Mrs. Staff of the Department of Biology, Faculty of Mathematics and Natural Sciences, State University of Medan who have helped the author.

Thanks are also conveyed to the principals of SMPN 27 Medan, Mrs. Sawalina and Mrs. Siti Sundari S.Pd. as a teacher in the field of science studies and all teachers at SMPN 27 Medan who have provided opportunities and convenience to the author while conducting research at school.

In particular, the author would like to thank her beloved parents, Sugiono and PoniyeM, who have been raising, educating, supporting, motivating, always praying, and making sacrifices that the author cannot repay so that can complete this thesis. The author also thanks her beloved older sister and brother, Fitriana

and Vicky Candra as well as dear younger sister Siska Sintia and also boyfriend Muhammad Syahrin who have always been there to provide support and love to the author so that the author is enthusiastic in completing this thesis.

The author also does not forget to express gratitude to the dearest and beloved friends of the Tetrani Squad who have always accompanied from the beginning of education at the State University of Medan, Angel Geofany Sihite and Pertiwi Restu Negara Simanjuntak until now who have always been a place for venting and who always do not stop in encouraging the author. And the whole big family of Bilingual Sciences Education 2018 who have accompanied the author during the study process at Medan State University and many parties that the author cannot mention one by one, the author says thousands of thanks.

The author has made every effort to complete this thesis, but the author realizes that there are still many weaknesses, both in terms of content and grammar, for that the author expects constructive criticism and suggestions from readers for the perfection of this thesis. Hopefully, this thesis is useful in enriching knowledge in education.
