

ABSTRAK

Winda Rahmasari Pangaribuan. NIM (4151111107) (2022). Analisis Model Pembelajaran *Creative Problem Solving* Terhadap Kemampuan Pemecahan Masalah Matematis Siswa SMP.

Penelitian ini bertujuan untuk mengetahui hasil analisis penelitian kemampuan pemecahan masalah matematis siswa smp Penelitian ini menggunakan pendekatan kualitatif dan jenis penelitian yang digunakan adalah kepustakaan yaitu mengumpulkan data atau karya tulis ilmiah yang berkaitan dengan objek penelitian yang bersifat kepustakaan. Metode studi kepustakaan atau studi literature adalah serangkaian kegiatan yang berkenaan dengan metode pengumpulan data pustaka, membaca dan mencatat, serta mengelola bahan penelitian. Hasil temuan kepustakaan menunjukkan adanya peningkatan setelah diberikan model pembelajaran *Creative Problem Solving* terhadap kemampuan pemecahan masalah matematis siswa SMP. Hal tersebut dilihat dari hasil penelitian beberapa sumber data dalam penelitian ini.

Kata Kunci: Model Pembelajaran *Creative Problem Solving*, Kemampuan Pemecahan Masalah Matematis SMP.

ABSTRACT

Winda Rahmasari Pangaribuan. NIM (4151111107) (2022). Analysis of Creative Problem Solving Learning Model on Middle School Students' Mathematical Problem Solving Ability.

This study aims to determine the results of the research analysis of the mathematical problem-solving abilities of junior high school students. This research uses a qualitative approach and the type of research used is literature, namely collecting data or scientific writing related to the object of research that is of a literary nature. The method of literature study or literature study is a series of activities related to library data collection methods, reading and taking notes, and managing research materials. The findings of the literature show an increase after being given the Creative Problem Solving learning model on the mathematical problem solving abilities of junior high school students. This can be seen from the results of several data sources in this study.

Keywords: Creative Problem Solving Learning Model, Middle School Mathematical Problem Solving Ability.
