

ACKNOWLEDGEMENT

Bismillah. Alhamdulillah alladzi bini'matihi tatimmu ashshalihat. Praise and gratitude the author present to Allah Subhanahu Wa Ta'ala who has bestowed His grace, guidance, opportunity and conveniences, so that the author can finished and completed this thesis with the title "The Influence of STEcS (Science Technology Ecocultural Society) Learning Model on the Students' Eco Critical Thinking Skills at the Tenth Grade of SMA PAB 8 Saentis on Environment Materials in Academic Year 2021/2022". This thesis is submitted for the requirements for the degree of Sarjana Pendidikan in Bilingual Biology Study Program, Department of Biology, Faculty of Mathematics and Natural Science, Universitas Negeri Medan. This thesis can be finished with Allah's help, and the support of many parties.

This thesis especially dedicated to my beloved parents, Mr. Nirwanto and Mrs. Misiatik as my first teacher and first school for me, who always support my academic and learning process. They spent their time to love and pray for me.

First, my appreciation goes to the Dean of FMIPA Universitas Negeri Medan, Prof. Dr. Fauziyah Harahap, M.Si., the Head of Biology Department, Khairiza Lubis, S.Si., M.Sc., Ph.D., and the Coordinator of Bilingual Program, Dr. Ely Djulia, M.Pd. And then, I'd like to express my sincere gratitude to my academic supervisor Dra. Cicik Suriani M.Si., and my great thesis supervisor, Prof.Dr.rer.nat Binari Manurung, M.Si, who contributed greatly to complete of this thesis, provided guidance, passion, motivation, and great direction in the preparation of this thesis.

Beside my thesis supervisor, I would like to thank my thesis examiners: Prof.Dr. Herbert Sipahutar, M.S., M.Sc., Syarifuddin, M.Sc., Pd.D., and Dr. Tri Harsono, M.Si., for their encouragement and insightful comments. My sincere thanks to Mr. Awaluddin, S.Pd.I. as SMA PAB 8 Saentis headmaster, for his permission to me for conducted my research in his school. My enormous gratitude to Mr. Ikhwan Idris, M.Pd. as Biology teacher for giving me to use his class during my research and to all students in grade X SMA PAB 8 Saentis for their participation as sample my my research.

My sincere gratitude to all members of Bilingual Biology Education 2018 class who have been together for 4 years together in college life's ups and downs and

my best friend who always support me in various ways through the process for the completing of my thesis. And next, for my beloved friends Linda Syafitri Siagian, Rizky Rahmadani Nasution, Husna Zahidah, Arya Neta, Ditania Larasati, Helen Sinambela, all the members of Ulil Albab Humanity Institute Charity and my special thanks to my teacher Mu'allim Salman who always support me to finish this thesis. Last but not least, additional thanks go to all parties that the author cannot mention one by one who have given support, helps, prayers, and sincere enthusiasm to the author.

The author realizes that this thesis is not perfect yet, so the author expect the future research can improve it better. Finally, may this thesis can contribute to improve the quality of education in this country. Aamiin.
