ABSTRACT

Labarta Naibaho, NIM 3183131025, Impact of the Covid-19 Pandemic on the Social Economy of the Community in the Silalahi Beach Tourism Area, Silalahi Village, Silahisabungan District, Dairi Regency. Thesis, Department of Geography Education, Faculty of Social Sciences, Medan State University. 2023.

This research aims to find out (1) the Covid-19 pandemic has had a significant and positive influence on the socio-economic activities of the community in the Silalahi Beach tourist area (2) the strategies carried out by the community in the Silalahi Beach area in overcoming the impact of the Covid-19 pandemic

The research was carried out in the Silalahi Beach tourist attraction area in Silalahi Village, Silahisabungan District, Dairi Regency from October 2022 to November 2022. The population in this research is the people of Silalahi Village, from which a sample of 85 respondents will be taken. The data collection technique used was by filling out a questionnaire by respondents and then the data was analyzed using qualitative descriptive analysis techniques.

The results of this research show (1) There is a significant and positive influence between the Covid-19 pandemic on the social and economic conditions of the community in the Silalahi Beach tourist attraction area. This is proven by changes in social interactions and community lifestyles in the midst of the Covid-19 pandemic. due to social distancing which has resulted in the number of tourists decreasing so that people's incomes have also decreased and job opportunities have become smaller. (2) strategies for overcoming the influence of the Covid-19 pandemic on the socio-economic conditions of the community can be carried out by conducting outreach to the community, continuing to carry out social interactions by implementing health protocols, increasing community creativity in managing businesses in tourist attraction areas, as well as increasing cooperative relations between the government and the community in improving the Panta Silalahi tourist attraction.
