

## ACKNOWLEDGEMENTS

First of all, it is thankful for Almighty God Tuhan Yesus Kristus who had given His Blessings, health, and luck so that I am able to finish this thesis successfully. Praises all also addressed to our prophet Our God who has guide us to the better life of today. This thesis appears in its current form also due to the assistance and guidance of several people. I would like to offer my sincere thanks to all of them who made this thesis possible and unforgettable experience to me.

1. It is a genuine pleasure to express my deep sense of thanks and gratitude to Prof. Dr. Baharuddin, ST., M.Pd. the Rector of the State University of Medan.
2. I owe a deep sense of gratitude to Prof. Dr. Bornok Sinaga, M.Pd. Director of Postgraduate School State University of Medan.
3. Acknowledge my gratitude to the Head of LTBI Study Program, Winda Setiasari, S.S., M.Hum., Ph.D for assistance in completing the administrative procedures and Mr. Setiady as an administrator of LTBI who has given suggestion and assistance in completing official administration to fulfill this thesis. And also all lecturers who have given very valuable knowledge and science during my study at LTBI Study Program Postgraduate School of State University of Medan.
4. I would like to say my sincere gratitude to my advisor Prof. I Wy Dirgeyasa, M.Hum., and Dr. Anna Riana Suryanti Tambunan, M.Hum who have supported me during thesis completion with their patience, motivation, enthusiasm, and immense knowledge.
5. I would like to express my deep thanks to Dr. Rahmat Husein, M.Ed., Dr. Ani Holila Pulungan, M.Hum., and Dr. Meisuri, M.A. as my reviewers and examiners for their valuable input for completion of this thesis.
6. I would like to express the profound gratitude from my deepest heart to my beloved family: my father (Cornel Japan Turnip (+)); my mother (Sanna Maria Rajagukguk), my elder brother Darwin Turnip, S. Pd, my sister in law (Dewi Hutasoit, S.Pd), my younger brothers (Ridwan Turnip and Ricky Turnip, S.E.) for their endless love, prayers and support both moral and material before, during

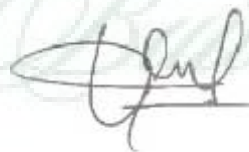

and after my academic year at Postgraduate School Program of State University of Medan.

7. In particular, I would like to thank my little family, my wife (Lijaria Marbun, Am.Pd) who really loves me and supports all my hopes and dreams so that I can finish this thesis properly. Likewise to my four handsome and beautiful children (Krisantus Turnip, Andre Ilham Turnip, Clara Damayanti Turnip, Chantika Turnip) who are so enchanting that I am excited to be able to finish this thesis well.
8. I also don't forget to express my thank to my friends who supported the process of completing this master's degree until the completion of this thesis, especially to my best friend and brother Dr. Dionisius Sihombing, M.Si, who always asked and gave encouragement and support for me so that this study master's degree can be finished well.
9. Last but not least, I would like to express my thanks to all my dearest students of SMA RK Bintang Timur Pematang Siantar, especially the students of class XI MIA-1 and XI MIA-4 who voluntarily became my research sample and wanted to fill out the questionnaires and answer the test I gave.

Finally, I must admit that the content of this thesis is still far from being perfect, but I warmly welcome any constructive ideas and critics that will improve the quality of the thesis
