

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusion

Based on the need analysis from the questionnaire, observation, and interview, it was concluded that the students need the appropriate English writing worksheet to help the students how to communicate by writing in their future careers. The form of input which was to learn writing was needed to learn is make a paragraph with the pictures. Furthermore, the activities needed by the students were role-play games. Those activities were applied to the English writing worksheet which had been written.

Then, the score of validation from the first validator was 4.73 or 94.6% and the score of the second validator was 4.8 or 96.0% with a total score percentage of 95.3% and it was categorized as very good. It means that the worksheet was valid and appropriate to use as an English writing worksheet.

B. Suggestion

The result of this research hopefully gives contribution to the English teacher, the students, and the other researchers.

For the teacher in the teaching and learning process, the teacher should consider the student's needs in choosing the learning materials worksheet. The learning process can be successful if the teacher can give materials related to the topic. The worksheet is worth using by the school and the other schools.

Then, students can use the worksheet developed in learning writing to improve students' critical thinking based on their needs. Last, the other researchers are expected to be able to develop English writing learning materials. They are also expected to find the other characteristics of appropriate learning materials based on the needs of the students in Junior High School.
