

FOREWORD

The author would like to praise and thank Allah S.W.T for the mercy and favors He has given the author so that this research can be completed on time. The thesis entitled "The Impact of The Geogebra Media Application on Mathematical Problem-Solving Skills in Circle Subject for Grade XI at Smk Negeri 1 Kisaran" This was prepared to obtain a Bachelor of Education degree in the Department of Mathematics, Faculty of Mathematics and Natural Sciences, Medan State University.

On this occasion the author would like to express his gratitude to Mrs. Nurhasanah Siregar, S.Pd., M.Pd., as the thesis supervisor. He has provided a lot of guidance and suggestions to the author from the beginning of writing the proposal until the completion of writing this thesis. Thanks are also conveyed to Mr. Prof. Asmin M.Pd., Mr. Muliawan Firdaus, S.Pd., M.Si., and Mrs. Tiur Malasari Siregar S.Pd., M.Sc., as examining lecturers who have provided input and suggestions to the author in writing this thesis. The author also expresses his thanks to Drs. Yaciriti Hia M.Sc., as academic supervisor who has guided and motivated the author during lectures. Thanks are also conveyed to Mr. Dr. Pardomuan Sitompul, M.Si., as head of the Mathematics department and Mrs. Dr. Ely Djulia, M.Pd., as head of the Bilingual education study program, as well as to all the lecturers and staff of the Mathematics Department, FMIPA, Medan State University who have helped the author a lot. Thanks are also conveyed to Mrs. Dr. Ani Sutiani, M.Sc., as dean of FMIPA Medan State University.

The author also conveys to all the teachers and staff of SMK Negeri 1 Kisaran who have permitted and guided the author in completing this research. For my beloved parents, father, Mr. Sulaiman, mother, Tasmanidar, and the writer's sister, Febrira Khairani Dewinta (Fira), who have provided prayers, materials and encouraged the writer in everything that the writer does. Thank you for being patient and persistent, waiting without a word but for the completion of this undergraduate study program. The author does not forget to express his gratitude to my cousin, Rizqa Nur, who has donated his time to any length of time to help with the author's research activities.

Also special to the Murin's Family who cannot be mentioned one by one, thank you for all the prayers and support given, to my friend Siti Muthiah who always reminds me to never give up and continue until we reach this stage, thank you for being patient and not leaving me alone. in facing the world of education. To my friends Longo (Safira Nurwida Ariani and Annisa Fadhillah Putri Siregar) who always ask me how I am and my progress tirelessly and are always willing to help me, thank you very much, to my friends Vira Azhari and Endang Wifda Munjiah Gea and the 2017 Bilingual Mathematics Family (Kevin, Apit, Adil , Pohan, Dijah, Suni, Zilmi, Paula, Sri, Enok, Ezrak, Etha, Pero, Tiffani) thank you for being faithful to keep praying and providing support not to give up. To Indah, Kak Nada Ramadhani Nasution and Wak Ajla's extended family, thank you for helping and praying a lot, sorry for causing a lot of trouble for all of you, I hope that even if Kiran can't repay your kindness later, Allah will immediately repay your kindness, amen. You are witnesses of the writer's journey and will always be a part of the writer's life.

For my second greatest man that the author loves, namely Iip Syarif Iskandar, even though it hasn't been long, but because of his presence the author has been able to survive all the twists and turns of life up to this moment, thank you for always being there to faithfully accompany, give love, his understanding, his patience, in dealing with the author until now.

The author has tried his best to complete this thesis, but the author realizes that there are still many weaknesses in both content and grammar. For this reason, the author expects suggestions and criticism from readers in order to perfect this thesis.
