

LIST OF FIGURES

	<i>Page</i>
Figure 2.1 Example of Blood	21
Figure 2.2 Working principle of buffer solution	23
Figure 2.3 Thinking Framework	27
Figure 3.1 Steps of the ADDIE Model	30
Figure 3.2 Research procedure	41
Figure 3.3 Implementation of Teaching Materials at School	43
Figure 4.1 Typing Material in doc format	52
Figure 4.2 Cover Layout	52
Figure 4.3 Display of Teaching Material Cover	57
Figure 4.4 Display of the Foreword of Teaching Materials	58
Figure 4.5 Display of Table of Contents of Teaching Materials	59
Figure 4.6 Competency Map Display of Teaching Materials	60
Figure 4.7 Display of Teaching Material Concept Map	61
Figure 4.8 Display of Introduction to Buffer Solutions	62
Figure 4.9 Recall Display	63
Figure 4.10 Display of Sample Question	63
Figure 4.11 Exercise Display	64
Figure 4.12 Inquiry Activity Display	64
Figure 4.13 Display of Chemistry Facts, Chemistry Info, Chemistry in Daily Life	65
Figure 4.14 Competency Test Display	66
Figure 4.15 Reference Display	67
Figure 4.16 Self-reflection Display	67
Figure 4.17 Learning Objectives, (a) before revision, (b) after revision	70
Figure 4.18 Index numbers, (a) before revision, (b) after revision	70
Figure 4.19 Bibliography, (a) before revision, (b) after revision	71
Figure 4.20 Learning Using Developed Teaching Materials	73
