

## PREFACE

Praise and gratitude to Allah SWT for blessings and grace, so that the author can finish this thesis well. This thesis was prepared to fulfill some of the requirements needed to achieve a Sarjana Pendidikan degree at the Bilingual Physics Education Study Program, Faculty of Mathematics and Natural Sciences (FMIPA), Universitas Negeri Medan.

The author realizes in completing this thesis there are many problems and obstacles that the author faces, but thanks to the instructions, guidance, motivation and prayers of various parties so that the author can complete it. The author would like to thank Mrs. Dr. Ani Sutiani, M.Si., as the Dean of FMIPA, Mrs. Dr. Yuni Warty, S.Pd., M.Si., as the Head of the Physics Department, Mrs. Dr. Ely Djulia, M.Pd as the Bilingual Program Coordinator, Mr. Budiman Nasution, S.Pd., M.Si., as the secretary of the Physics Department, Mr. Sabani, S.Pd., M.Si., as the Head of Education Physics Study Program, and Mr. Iqbal, S.E., M.M., as the administrator of the Physics Department.

The author's deepest gratitude goes to Mr. Dr. Juniastel Rajagukguk, M.Si. as Thesis Supervisor, who has provided guidance, advice and motivation so that all stages in the preparation of this thesis can be passed well. To Mr. Prof. Dr. Motlan, M.Sc., Ph.D., Mr. Deo Demonta Panggabean, M.Pd., and Mr. Rajo Hasim Lubis, M.Pd., as Examiner Lecturers, who have provided criticism and suggestions for improvement ranging from proposal seminars to at the stage of defending the thesis, so that this thesis can be completed well. To Mr. Prof. Dr. Sahyar, MS., MM., as the Academic Advisor who has guided and assisted the author during his lectures at The State University of Medan. The author's gratitude also goes to the Principal at MAN 1 Medan, Mr. Reza Faisal, S.Pd., M.PMat., Mr. Herry Afandi Limbong, S.Si., M.Pd., as a Curriculum Teacher and Physics Teacher, and Mrs. Dewi Arisanti, M.Pd., as a Physics Teacher at MAN 1 Medan.

Especially, the author expresses his endless gratitude to the author's parents, namely Mr. Muhammad Rusli and Mrs. Nurhayati Siahaan for all their

support, affection, love, attention, enthusiasm, patience, motivation, facilities, advice and prayers that have always been prayed for the author for the success and ease of her education so far. The author experiences many temptations test of life, in the prayers and blessings of parents who are patient and great in educating and raising the author to this day. The author would also like to thank the author's siblings, Winda Mahdiah, S.Agr., Muhammad Alwan Atha, Syarifah Nur Aliyah, as well as the entire Siahaan extended family, and the entire Prayitno extended family who have encouraged the author.

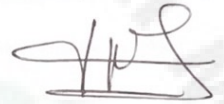

The author would like to thank her friends of Bilingual Physics Education class of 2017, and friends during lectures Aulia Ramadhani, Rizka Utari Rahmadani, Elfi Dwi, and Ruth Sondang who have always accompanied the author from the beginning of the lecture period until now. Especially Aulia who is very helpful, caring, encouraging and listening to all the stories both happy and sad for the author. Thank you to all classmates 2017 who are equally struggling in completing the thesis at a time that may be late but the author believes it is the right time, to Hotma, Agus, Noni, Christina, Dian, Onil, Liza, Musti, Zega, Yusril, Haikal, Linca, Fetti, Frisel, Dicki, Novita, Hotlen, and maybe some who forgot to write.

The author also sincerely and emotionally thanks the author's best friends, namely Olip, Afifah, Hilda, Ganis, and Amalia who have been with the author since junior high school until now, friends who have not left the author in a situation of joy and sorrow, become friends, best friend as well as considered as their own family for the author, provide support, both of gifts, material, energy, advice, cheer up, affection, sincerity, and become a good listener for the author. To Putri Ayu, Adrian, Raihan, Nita, and Sarah as friends since high school until now, thank you for your sincerity, loyalty, happiness, gifts, support, help and enthusiasm that continue to be given to the author.

The author realizes that this thesis still has shortcomings and limitations, however, while expecting constructive criticism and suggestions, the author hopes that this thesis can be useful for related parties.
