

## ABSTRAK

**Monica Anastasia Sinaga: *Persepsi Mahasiswa Jurusan Pendidikan Teknik Bangunan Fakultas Teknik Universitas Negeri Medan Terhadap Implementasi Kebijakan Merdeka Belajar-Kampus Merdeka (MBKM)*. Skripsi. Fakultas Teknik Universitas Negeri Medan. 2024.**

Penelitian bertujuan untuk mengetahui kecenderungan persepsi mahasiswa Prodi PTB dan Teknik Sipil FT UNIMED terhadap implementasi kebijakan memberikan hak bagi mahasiswa untuk belajar selama tiga semester di luar Prodi dalam Program MBKM. Jenis penelitian ini adalah deskriptif kuantitatif dengan penentuan sampel menggunakan sampel total sehingga diperoleh sampel 66 mahasiswa dari Prodi PTB dan 36 mahasiswa dari Prodi Teknik Sipil. Teknik pengumpulan data menggunakan angket, wawancara, dan dokumentasi. Hasil penelitian menunjukkan bahwa mahasiswa Prodi PTB memiliki kecenderungan persepsi positif sebesar 83,33% terhadap implementasi kebijakan MBKM. Berdasarkan indikator **penerimaan** diperoleh persepsi positif sebesar (59,10%), pada indikator **pemahaman** diperoleh persepsi positif (83,33%), serta pada indikator **penilaian** diperoleh persepsi positif (87,88%). Sedangkan mahasiswa Prodi Teknik Sipil memiliki kecenderungan persepsi positif sebesar 91,67%. Berdasarkan indikator **penerimaan** diperoleh persepsi positif (83,33%), pada indikator **pemahaman** diperoleh persepsi positif (66,67%), serta pada indikator **penilaian** diperoleh persepsi positif (80,56%). Hal ini menunjukkan bahwa mahasiswa prodi PTB dan Teknik Sipil FT UNIMED mendukung pengimplementasian kebijakan MBKM dan tertarik dengan program yang ditawarkan.

## ABSTRACT

*Monica Anastasia Sinaga: Perceptions of Students from the Building Engineering Education Department, Faculty of Engineering, State University of Medan Regarding the Implementation of Terhadap Implementasi Kebijakan Merdeka Belajar-Kampus Merdeka (MBKM). Essay. Faculty of Engineering. State University of Medan 2024.*

The study aims to determine the tendency of perception of students of PTB and Civil Engineering Study Programs, FT UNIMED towards the implementation of the policy of giving students the right to study for three semesters outside the Study Program in the MBKM Program. This type of research is quantitative descriptive with sample determination using a total sample so that a sample of 66 students from the PTB Study Program and 36 students from the Civil Engineering Study Program were obtained. Data collection techniques used questionnaires, interviews, and documentation. The results showed that students of the PTB Study Program had a tendency of positive perception of 83.33%. Based on **the acceptance** indicator is a positive perception (59.10%). In **the understanding** indicator is a positive perception (83.33%) in **the assessment** indicator is a positive (87.88%). Meanwhile, students of the Civil Engineering Study Program had a tendency of positive perception of 91.67%. Based on **the acceptance** indicator is a positive perception (83.33%). In **the understanding** indicator is a positive perception (66.67%) and in **the assessment** indicator is a positive perception (80.56%). This shows that students from PTB and Civil Engineering study program are support the implementation of the MBKM policy and interested in the progrmans offered.
