

CHAPTER V

CONCLUSIONS AND SUGGESTIONS

This chapter presented conclusions and suggestions concerning the result of the research. Based on the data analysis, the conclusions were stated as follows :

A. Conclusions

1. In teaching English in online class at tenth, eleventh, twelfth grade of SMA N 2 Tarutung, the teachers used various kinds of digital media, they were : narrative media, interactive media, communicative media, and productive media. The example of the kinds of media were WhatsApp, Google Meet, Google Classroom, Youtube, Facebook, printed text, image, Canva.
2. The process of using the digital media that had been carried out by the teachers in teaching English in online classes was same as the learning process in general. The processes are : In opening activities, teachers greeted through a WhatsApp group then shares the Google Meet link, after that teachers asked students to prepare themselves. Next, the core activities the teachers gave material to be discussed on that day either through printed text, pictures, voice notes or through explanations to open the material from textbook. As students time to read, understand the material, the teachers asked some questions as brainstorming to see students' basic knowledge, then continuing the expansion. In closing activities, the teachers and students concluded the material together and then explained assignment for material today, until finally teachers invited students to prayed and greeted again at the end.

B. Suggestions

By considering the conclusions mentioned above, the result of the research was expected to give some suggestions for students, teachers, and future researcher as follow :

1. For students, the finding of this research can be used as a new reference to understand how use digital media in learning English.
2. For the teachers, the findings were expected to be useful for teachers in improving teachers' knowledge about many digital media that can be used in teaching English in online class. Teachers should be able to access many media to support, make easy all the teaching process in any conditions.
