LIST OF TABLES

Table 2. 1 Steps in the Thinking Aloud Pair Problem Solving (TAPPS) learning model in accordance with the lesson plan. 14
Table 3. 1 Research Design 38
Table 3.2 Criteria for difficulty level 45
Table 3. 3 Interpretation Table of problem-solving ability levels 49
Table 3. 4 Interpretation of Improvement score 52
Table 4. 1 Frequency distribution pretest data of class X MIA by Corrector I (all pairs) 54
Table 4. 2 Frequency distribution of pretest data on the problem-solving ability of each group division by Corrector I 55
Table 4. 3 Frequency distribution of pretest on class X MIA by Corrector II (all pairs) 56
Table 4. 4 Frequency distribution of pretest data on the problem-solving ability of each group division by Corrector II 57
Table 4. 5 Frequency distribution of posttest data of Corrector I (all pairs) 57
Table 4. 6 Frequency distribution of posttest data on the problem-solving ability of each group division by Corrector I 58
Table 4. 7 Frequency distribution of posttest data of Corrector II (all pairs) 59
Table 4. 8 Frequency distribution of posttest data on the problem-solving ability of each group division by Corrector II 60
Table 4. 9 Average and Standard Deviation of All Pair by Corrector I 61
Table 4.10 Average and Standard Deviation of Group Division by Corrector I .. 61
Table 4. 11 Average and Standard Deviation of All Pair by Corrector II 62
Table 4.12 Average and Standard Deviation of Group Division by Corrector II 63
Table 4. 13 Normality test of Students' problem-solving ability by Corrector I . 64
Table 4. 14 Normality test of Students' problem-solving ability by Corrector II 64
Table 4. 15 Homogeneity test of Students' problem-solving ability by Corrector I 65
Table 4. 16 Homogeneity test of Students' problem-solving ability by Corrector II 66

Table 4. 17 Pretest and Posttest Significant Test Using One-way ANOVA by Corrector I..... 67
Table 4. 18 Pretest and Posttest Significant Test Using One-way ANOVA by Corrector II 68
Table 4. 19 The n-Gain Score of students' learning outcomes by Corrector I..... 68
Table 4. 20 The n-Gain Score of students' learning outcomes by Corrector II ... 69
Table 4. 21 Bonferroni Correction Post-hoc Test by Corrector I..... 72
Table 4. 22 Bonferroni Correction Post-hoc Test by Corrector II 72
