Figure 3.1. Research design One Group Pretest-posttest Design	40
Figure 4.1. Microsoft PowerPoint 365 for Windows 7	57
Figure 4.2. Microsoft PowerPoint 365 Welcome View.....	58
Figure 4.3. New Microsoft PowerPoint worksheet (Blank Slide)	58
Figure 4.4. Sample background and display sweetener.....	59
Figure 4.5. Insert – Shape sub-menu display.....	59
Figure 4.6. Before inserting the image	59
Figure 4.7. After inserting the image.....	60
Figure 4.8. Before inserting Text Box.....	60
Figure 4.9. After inserting Text Box	60
Figure 4.10. Arrow: Right feature in Insert - Shape	61
Figure 4.11. Right click feature on the “Direction: Right” shape	61
Figure 4.12. After being labeled “Next”.....	62
Figure 4.13. “Animation Sub-menu – Add Animation” display	62
Figure 4.14. Right-click feature on any of the animation in the Animation Pane	63
Figure 4.15. Timing dialog Box on one of the animations.....	63
Figure 4.16. Block all the background parts of slide 1.....	64
Figure 4.17. 2nd Slide preview.....	64
Figure 4.18. After inserting the “Home” image	65
Figure 4.19. “Transmition – Morph” Sub-menu Display	65
Figure 4.20. Description on Morph Transition in PowerPoint 2019, 2021, Microsoft 365	66
Figure 4.21. After adding some pictures to the slide	67
Figure 4.22. The data section that has been filled in	67
Figure 4.23. Right-Click Feature on One of The Biodata Sections.....	68
Figure 4.24. Edit Hyperlink dialog box to add the website address	68
Figure 4.25. After copying the Next button.....	69
Figure 4.26. “Shape Format – Rotate” feature	69

Figure 4.27. Right click feature on the Previous button.....	70
Figure 4.28. Edit hyperlink dialog box to move to the previous slide.....	70
Figure 4.29. Right click feature on Biodata image.....	71
Figure 4.30. Edit Hyperlink dialog box to move to the first slide of the Biodata section.....	71
Figure 4.31. After Adding a Text Box to create material.....	72
Figure 4.32. Insert a Rectangle shape.....	72
Figure 4.33. Right click feature to enable the Stop bottom	73
Figure 4.34. Edit the Hyperlink dialog box to go to the sub-heading to be studied	73
Figure 4.35. Right-click feature on one of the sub-headings.....	74
Figure 4.36. Edit Hyperlink dialog box to display slides associated with sub-heading	74
Figure 4.37. Line shape in the “Insert – Shape” sub-menu	75
Figure 4.38. Process of changing the color and thickness of the lines	75
Figure 4.39. Complete summation process	76
Figure 4.40. Superscript that is ready to be inserted with an exponent function...76	76
Figure 4.41. Plus, and Minus signs on Format Shapes.....	76
Figure 4.42. The process of adding and subtracting a polynomial function.....	76
Figure 4.43. The Vertical Line has been created	77
Figure 4.44. After the function has been added.....	77
Figure 4.45. After the equations have been added in a copy-paste modify equation	78
Figure 4.46. The process of creating the divisor (descending way)	78
Figure 4.47. After both functions have been put in accordance with the position.....	78
Figure 4.48. The final result of the polynomial division process	79
Figure 4.49. Wondershare Filmora 2019 Update 2022 Loading Preview	79
Figure 4.50. Wondershare Filmora work page preview	80
Figure 4.51. Display the “File – Record Media –Record PC Screen” sub-menu	80
Figure 4.52. Wondershare Filmora Recorder Dialog Box.....	80

Figure 4.53. Before Split up Video	81
Figure 4.54. After Split up Video	81
Figure 4.55. Double-click for Add Media	82
Figure 4.56. “File – import Media – Import Media File (Ctrl + I)” feature to add media	82
Figure 4.57. The dialog box for exploring files.....	83
Figure 4.58. Example of exported music files.....	83
Figure 4.59. Click “Plus” to insert the music into the project	84
Figure 4.60. Click-Drag the music file to Second Coulomb	84
Figure 4.61. After the music volume is reduced.....	84
Figure 4.62. Opening template on Filmora.....	85
Figure 4.63. Place video opening template.....	85
Figure 4.64. Text editing section	86
Figure 4.65. Animation editing section	86
Figure 4.66. Transition templates on Filmora	86
Figure 4.67. The process of inserting transition in split videos.....	87
Figure 4.68. Adjusting the transition position	87
Figure 4.69. Save project dialog box.....	88
Figure 4.70. Click Export for the process of creating video files.....	88
Figure 4.71. Exporting dialog box before customizing	89
Figure 4.72. Additional settings for the video file to be created	89
Figure 4.73. Export dialog box after customizing	90
