

FOREWORD

Praise the author thanks to Allah SWT for all His mercy and grace, so that the author can complete the final thesis with the title 'The Effect of TPACK-Based Differentiated Inquiry Learning Model on Motivation and Physics Problem Solving Ability at MAN 2 Model Medan'. Sholawat and also salam may be bestowed on our lord the Prophet Muhammad SAW who has saved us from the age of jahiliyah to the age of light that we look forward to his intercession at the end.

It is a great joy for the author to be able to complete this thesis. However, the author realises that the writing of this thesis is inseparable from guidance, direction, and moral and material support from various parties. Therefore, on this occasion the author would like to thank :

1. Prof. Dr. Baharuddin, S.T., M.Pd., as the Rector of State University of Medan.
2. Dr. Ani Sutiani, M.Si., as the Dean of the Faculty of Mathematics and Natural Sciences, State University of Medan.
3. Dr. Jamalum Purba, M.Si., as Vice Dean for Academic Affairs, Mrs Dewi Wulandari, M.Si., as Vice Dean for Finance and Personnel, and Dr. Rahmatsyah M.Si., as Vice Dean for Student Affairs, Faculty of Mathematics and Natural Sciences, State University of Medan.
4. Dr. Yuni Warty, S.Pd., M.Si., as chairman of the Physics Department and Mr Budiman Nasution, S.Pd., M.Si., as secretary of the Physics Department.
5. Mr Sabani, S.Pd., M.Si., as the Head of Physics Education Study Programme
6. Mrs Dewi Wulandari, M.Si., as Academic Supervisor who has provided good academic guidance to the author during the implementation of lectures at State University of Medan.
7. Prof. Dr. Derlina, M.Si., as the Thesis Supervisor who has provided extraordinary direction, input and support to the author during the research and writing of this thesis.
8. Dr. Rahmatsyah M.Si., Prof. Dr. Sahyar, M.S, and Mr Rajo Hasim Lubis M.Pd, as an examining lecturer who has provided advice and direction to the author so that he can complete this thesis.

9. Dr. Ridwan Abdullah Sani, M.Si., Mr Abdul rais, S.Pd., S.T., M.Si., Mr Deo Demonta Panggabean M.Pd, and Mrs Fahri Hanim S.Pd., as lecturers and teacher expert validators on my thesis product.
10. All teaching staff of the Department of Physics, Faculty of Mathematics and Natural Sciences, State University of Medan, whose names cannot be mentioned one by one, who have provided knowledge and knowledge to the author while in college.
11. Mr Wuri Tamtama Abdi Spd.I, M.Pd, as the principal of MAN 2 Model Medan, Bapak Pandapotan Harahap, S.Pd., M.Pd., M.P.Fis., and Mrs Indira Muetia Khairunnisa, S.Pd., as a physics teacher who has helped me during the implementation of research and data collection for thesis writing and all students of class XI F1 A and XI F1 C who have been willing to participate in the research process of this thesis.
12. As an expression of gratitude, I dedicate this thesis to my beloved parents, Father Ipda Benny Alexander Zulkarnain and Mother Asni Ariani A.Md. who have always been the author's encouragement as the strongest support from the harshness of the world, who have never stopped giving love, prayers, and motivation with infinite sincerity to the author. Thank you for always fighting for the author's life. I love you to the moon and back.
13. The author's brother Farhan Aditya who have provided different support and motivation from others during the completion of this thesis.
14. PESP 20 friends who always support the author to finish the thesis soon.
15. All parties who cannot be mentioned one by one who have helped provide prayers and support for the successful preparation of this thesis.
16. Thanks to Taylor Swift especially to the songs that have accompanied me in this research process and one of the quotes that strengthen researchers is “life can be heavy especially if you try to carry it all at once. Part of growing up and moving into new chapters of your life is about catch and release”.
17. Especially as a closing to the body and soul of the author, thank you for enduring the various obstacles of the world of lectures that have finally taught the author to be strong until the writing of this thesis is complete.

The author expresses his gratitude and prayers, may Allah SWT reward the kindness of the help that has been given to the author and hopefully the help that has been given is valuable in the sight of Allah SWT. The author realises that in writing the thesis there are still many shortcomings so the author hopes for constructive criticism and suggestions from readers for the improvement of further writers. Hopefully this thesis is useful for all parties.
