

FOREWORD

Praise and gratitude the author offers to Allah SWT, the Almighty God who has given His Grace and blessings so that the author can complete the thesis entitled "The Effect Of The Two Stay Two Stray Cooperative Learning Model On Students' Mathematical Communication Ability.". This thesis was compiled to fulfill one of the requirements to obtain a Bachelor of Education degree in the Mathematics Education Study Program, Faculty of Mathematics and Natural Sciences, State University of Medan.

The author realizes that this thesis is far from perfect and has undergone a lengthy writing process. It would not have been completed without the guidance, direction, and motivation of various parties. Therefore, the author would like to express his gratitude to all parties involved who have supported him, both directly and indirectly. On this occasion, with all humility, the author would like to express his gratitude to:

1. Prof. Dr. Baharuddin, S.T., M.Pd., as Rector of Medan State University.
2. Prof. Dr. Ani Sutiani, M.Si., as Dean of the Faculty of Mathematics and Natural Sciences, Medan State University, along with the Vice Dean I, Vice Dean II, and Vice Dean III.
3. Ms. Dr. Hamidah Nasution, M.Si. and Ms. Erlinawaty Simanjuntak, S.Pd., M.Si., as Chair and Secretary of the Mathematics Department, Medan State University.
4. Ms. Nurhasanah Siregar, S.Pd., M.Pd., as Head of the Mathematics Education Study Program, Medan State University.
5. Mr. Prof. Dr. Asmin, M.Pd., as Thesis Supervisor who has provided direction and guidance from the initial planning to the completion of this thesis.
6. Mr. Prof. Dr. Hasratuddin, M.Pd., Mr. Dr. E. Elvis Napitupulu, M.S., and Ms. Hanna Dewi Marina Hutabarat, S.Si., M.Si., as examiners who provided advice on the implementation of the research and the preparation of this thesis.
7. Prof. Dr. Yulita Molliq Rangkuti, S.Si., M.Sc., as Academic Supervisor, who provided numerous suggestions and input regarding the author's academic planning.
8. Dr. Waminton Rajagukguk, M.Pd. and Ms. Nadrah Afiati Nasution, M.Pd., as validators who agreed to validate the research instruments.
9. Mr. Teman Kami Limbeng, S.Pd., as Head of UPT SMP Negeri 1 STM HULU and Ms. Nurasih, S.Pd., as mathematics teacher, who facilitated and granted permission during the research.
10. All the lecturers at Medan State University who have imparted knowledge and provided valuable experience to the author during his studies.
11. My beloved parents, Damaris Ginting and Bujur Kita Ketaren. Thank you for all the sacrifices you have made without demanding anything in return. Thank you for your patience in waiting for me to successfully complete my education. Thank you for your sincere prayers that I have always offered. No amount of gratitude can compare to everything my parents have given me.
12. My best friends, the Successful Recliners, including Dhea Anisa Putri, Aliya Larasati, and Dinda Erliananda, who have been there for me from the beginning of my studies

until I completed my thesis. Thank you for taking the time to listen to every story about the progress of this thesis.

13. My friends who have always been there for me, Nurmalinda, Eima Pepayosa Pinem, and Natalia Lumban Tobing. Thank you for always taking the time to provide the best response to the author's achievements and provide information related to the writing of this thesis.
14. Friends during college, Indah Lestari Putri, Nurul Afifah, Pitauli Ambarita and the extended family of MESP 2019 who have been willing to accept the author as a friend and made the author's journey in higher education easier.

Thank you to all those who cannot be mentioned individually who have supported me throughout my studies. I acknowledge that this thesis still has shortcomings and limitations. However, I welcome constructive criticism and suggestions. I hope this thesis will be beneficial to all parties involved, especially in improving students' numeracy literacy skills.
