

LIST OF TABLES

Table 2.1. Expert Validity Criteria.....	12
Table 2.2. Category of Validity Level of Problem Solving Skills Test Instrument	13
Table 2.3. Reliability Level Category	14
Table 2.4. The range to determine the students' physics problem-solving skills .	14
Table 2.5. Category Percentage of Student Response Questionnaire	15
Table 2.6. Rubric For Scoring Guidelines For Problem-Solving	19
Table 2.7. The categories of problem-solving abilities	21
Table 2.8. Relevant research.....	35
Table 4.1. Expert Validation Suggestions and Improvements	55
Table 4.2. Results of the expert validity analysis for each test item.....	56
Table 4.3. Percentage of Validation Assessments for the Three Aspects of the Test Instrument	57
Table 4.4. Suggestions And Improvements From Validator 1	57
Table 4.5. Suggestions And Improvements From Validator 2	58
Table 4.6. Validity of Small Group Trial Items.....	59
Table 4.7. Validity of Large Group Trial Items.....	60
Table 4.8. Results of the Analysis of Students' Problem-Solving Skills Values in Small Groups	61
Table 4.9. Percentage Results of Each Indicator of Students' Physics Problem-Solving Skills in Small Groups	62
Table 4.10. Results of the Analysis of Students' Problem-Solving Skills Scores in the Large Group.....	63
Table 4.11. Percentage Results for Each Indicator of Students' Physics Problem-Solving Skills in Large Groups	64
Table 4.12. Student Response Test Results in Small Groups.....	65
Table 4.13. Results of the Student Response Test in the Large Group.....	66
