

FOREWORD

Praise and gratitude are extended to Allah SWT for His blessings, guidance, and mercy, which have enabled the author to complete this thesis entitled **“The Effect of The Cooperative Learning Model Type Numbered Heads Together (Nht) to Improve Critical Thinking Skill on Ecology and Biodiversity Material Grade VII at SMP Negeri 35 Medan.”** This thesis was prepared as one of the requirements to obtain a bachelor’s degree in the Natural Science Education Study Program.

The author realizes that the completion of this thesis would not have been possible without the guidance, support, and encouragement of many individuals and institutions. Therefore, the author expresses sincere appreciation to all parties who contributed directly or indirectly to this work. The author is aware that this thesis still has limitations and welcomes constructive criticism and suggestions for future improvement.

The author would like to express sincere appreciation to:

1. Prof. Dr. Baharuddin, S.T., M.Pd., Rector of Universitas Negeri Medan, for providing opportunities and facilities that supported the author during the course of study.
2. Dr. Ani Sutiani, M.Si., Dean of the Faculty of Mathematics and Natural Sciences (FMIPA), for her support and academic policies that facilitated the author’s educational process.
3. Khairiza Lubis, S.Si., M.Sc., Ph.D, Head of the Biology Department, for his guidance and support throughout the author’s academic journey.
4. Wina Dyah Puspita Sari, S.Si., M.Si., as the Head of the Study Program and thesis supervisor, for her patience, guidance, valuable suggestions, and motivation throughout the thesis writing process.
5. Widia Ningsih, S.Pd., M.Pd., as the academic advisor, for her attention, guidance, and academic supervision during the author’s period of study.
6. Prof. Dr. Retno Dwi Suyanti, M.Si, as the first examiner, for her constructive criticism, suggestions, and valuable input that contributed to the improvement of this thesis.
7. Dr. Ely Djulia, M.Pd, as the second examiner, for her evaluations and meaningful feedback toward the completion of this thesis.
8. Dr. Wawan Bunawan, M.Pd., M.Si, as the third examiner, for his suggestions, guidance, and scholarly contributions.

9. Beloved parents, Syahliani and Arifin N, for their prayers, love, sacrifices, and continuous moral and financial support.
10. Guardians who provided significant assistance, namely M. Khalid and Imelda Yamin, for their care, support, and encouragement.
11. Beloved family, especially My sister Maisarah, Nailan, My little sister Amira and Syakira and My brother Al-Haris, as well as all extended family members, for their prayers, encouragement, and unwavering support.
12. A special person, for providing assistance, care, encouragement, and motivation throughout the completion of this thesis.
13. Friends of NSESP 21, for their togetherness, assistance, support, and encouragement throughout the academic journey and the completion of this thesis.

The author realizes that this thesis still has limitations; therefore, constructive criticism and suggestions are highly appreciated for the improvement of this work.

Medan, November 2025

Author,
