

ACKNOWLEDGEMENT

First of all, In the name of Allah, most Gracious, most Merciful, praise be to Allah SWT lord of the word, so that the writer can finish this thesis as a partial fulfillment of the requirement for the graduate degree of Sarjana pendidikan at Biology Department, Faculty of Mathematics and Natural Science, State university of Medan.

The writer gratefully acknowledges the deepest gratitude to Dr. Hj. Fauziyah Harahap, M.Si as writer thesis supervisor who has generously spent precious time in giving the guidance, encouragement, comments and suggestions until this thesis comes to its present form. The appreciation addressed to Prof. Dr. Herbert Sipahutar, M.S., M.Si, Dr. Syahmi Edi, M.Si, and Dr. Tumiur Gultom, SP, MP as the examiners for their criticisms and valuable advices. The writer would also like to thank Dr. Hasruddin, M.Pd as the chairman of Biology Department. Dr. Iis Siti Jahro, M.Si as a coordinator for bilingual program and for Dr. Melva Silitonga, M.S as her academic supervisor who has guided writer during academic program.

My never ending thankfulness is fully to my beloved father Muhammad Nawawi and my mother Elfrida R. Sitompul for their everlasting love, hopeful prayers in my life, and the entire moral and the financial support that have enabled to finish my study. My special thanks and admiration are also due to my sister and brothers, Mifta, Martua and Rotua.

The writer also thanks to the headmaster of SMA Negeri 2 Kisaran, Syahrudin Lubis, S.Pd, MM and Biology Teacher, Hotmaria A. Sihotang, M.Pd, and all teachers and students specially XI-1, XI-2 and XI-3 Science program academic 2015/2016 who received the presence of the writer during research in these classes. And for all my friend in class Biology Bilingual education 2012, Avatar, Duriyah, Syifa, Wita and Nikita as partner in my way to get this happiest. and also PPLT unimed 2012, Lisnawati Tumanggor I will never forget you as my best, Merlin, Rudi, Imah, Dian for their support , their caring and help me to accomplish this thesis. Never forget to member of Agamur kos, ami, icha,

nanda, ayu, heny. risky. nisa, reny and puput, you make the happiest and saddest in part of my life.

The writer had tried as much as possible in the completion of this thesis, but there are still many weaknesses in terms of content and grammar. Any suggestion for the improvements in the future will be highly appreciated.

Medan, July 2016

The logo of Universitas Sumatera Utara (UNIMED) is a circular emblem. It features a central sun with rays, a red flower, and green leaves. The text "UNIVERSITAS SUMATERA UTARA" is written along the top inner edge, "UNIMED" along the bottom inner edge, and "FACULTY OF MEDICINE" along the right inner edge. There are two small square symbols on the left and right sides of the emblem.
