

## PREFACE

*Alhamdulillahirabbil 'alamin*, Give much thanks to the Almighty Allah SWT, for all His grace and blessing up to the author so that this thesis can be completed. Thesis entitled "The Effect of Macromedia Flash in Physics Learning with Direct Instruction (DI) Model to Students' Learning Outcomes of Heat and Temperature Subject in Grade X MAN 2 Model Medan Academic Year 2015/2016.", is submitted to get a degree of Sarjana Pendidikan, Faculty of Mathematics and Natural Sciences, State University of Medan.

The authors would like to thank Mr. Dr. Ridwan Abdullah Sani, M.Si as thesis supervisor who has provided guidance and advice to the author since the early writing of the proposal until the end of this thesis. Thanks are also extended to Mrs. Dr. Derlina M.Si as an academic counselor who has given a lot of advice and counsel in academicians of the author. Thanks also goes to Mr. Prof. Dr. Nurdin Bukit, M.Si as thesis adviser I, and Mr. Drs, Abdul Hakim S, M.Si as thesis adviser II and Mr. Dr. Eidi Sihombing, M.S as thesis adviser III who have provided suggestions and recommendations from the research plan to the preparation of this thesis. Thanks are also given to Mr. Dr. Asrin Lubis, M.Pd as a Dean of the Faculty of Mathematics and natural science of State University of Medan. To Mr. Alkhafi Maas Siregar, M.Si as Chairman of the Department of Physics and Mrs. Dr. Iis Siti Jahro, M.Si as bilingual program coordinator and all of lecturers and staff employees throughout the Department of Physics, who has helped the author. Thanks also goes to Mr. Dr. H. Burhanuddin, M.Pd as principal of MAN 2 Model Medan who has allowed the authors to conduct research and to Mr. Pandapotan Harahap, S.Pd, M.Si and Dra, Fahri Hanim, S.Pd. as physics teacher in MAN 2 Model Medan.

Most specially to the author's beloved mother *Almarhumah* Ummi Kalsum Silalahi who had born the author and given all of the greatest love in this world to the author, May Allah place her in the best place beside Him, and also to author's father Edward Sinaga who gave encouragement, prayer and affection the author. To author's oldest sister Evi Miranda Maghfirah Sinaga, S.Pd who has always

helped and supported the author in her education up till now. To Fandi Ahmad Muzayyin Sinaga, Muammar Khadafi Sinaga, SE, as author's older brothers and to Nazlia Fathul Jannah, S.Pd as author's older sister. Specially for author's beloved younger sisters, Rabiatal Khasanah Sinaga, who is sometimes become author's older sister. Amanahatul Kharimah Sinaga, and Nisah Nirwana Sinaga, who have given motivation, supports, love, encouragement, stories and all of prayers, much thank for you. to author's cutest nieces and nephews in the world, Nawal, Maliq, Nabil, Chila, Naura and Hanan, who always could make the authors smile and became her solace.

Unforgetfully saying thanks to my "Teacher" Nurul Wahida S.Pd, Siti Auditia S.Pd, Anisa Vibrianda S.Pd, and Taniya Rachmawati who have taught the author the most important things in this life, the way and guidance that is Islam Kaffah. To Chalila Deli Gayo as author's long distance Friendship, who always give prayer in the far distance. To my second Family All of sisters in MHTI, chapter Campus Unimed for all of supports. to author's closest classmate Dian, and Asmah and All of friends in Bilingual Physics Education 2012 and to all assistant laboratory of general physics 2014 who can not be mentioned one by one.

The author have done the best in finishing of this thesis, but there must be so many shortage of writing and grammar, so that the author hope for criticism and suggestions for better. Hopefully this thesis can be useful for all readers.
