

FOREWORD

Thanks to Allah SWT, because with the help and the guidance, this thesis can finish well. This thesis has a title about “The Comparison of Conceptual Understanding Ability of Students Using Creative Problem Solving (CPS) Approach and problem Based Learning (PBL) Approach on Quadrilateral Topic in VII Grade at SMP Muhammadiyah 1 Medan”. This Thesis objective is to fulfill one of many conditions to get a college degree of Faculty of Mathematics and Science of State University of Medan.

In this chance, I want to say a big thank you to Prof. Dr. Ibnu Hajar M.Si as the Rector of State University of Medan and his entire assistant, Prof. Dr. Motlan Sirait, M.Sc Ph.D as the dean of Faculty of Mathematics and Science of State University of Medan and all of his assistant, Prof.Dr. Mukhtar, M.Pd as the header of Mathematics Faculty, Drs. Syafari, M.Pd as the header of Mathematics Education Department and Drs. Yasifati Hia M.Si as secretary of Mathematics Faculty.

I said thanks to Drs. Parapat Gultom MSIE.,Ph.D as my supervisor because he already and always give an advice, suggestion to make this Thesis perfect, to Prof. Dr.P. Siagian M.Pd, to Dr.E.Elvis Napitupulu and Mrs. Faiz Ahyaningsih S.Si, M.Si as the corrector which give an useful advice from the planning until the arrangement this Thesis. To Dr. W. Rajagukguk M.Pd as the academics instructor and all the instructor of Mathematics and Science Faculty of Medan. To Prof. Herbert Sipahutar, M.S.,M.Sc. as a coordinator of Bilingual Program.

And especially, I want to thank you to my beloved parents, my father and mother because their always give the motivation and always pray to me, to my brother Abdul Khaliq, to my Aunt, Nasiah S.Pd, and to M. Luthfi Fauzi as my brother, thank you for all of your help.

I say thank you to Mr. Paiman Sumardi S.Pd as The Headmaster of SMP Muhammadiyah 1 Medan and Mr. Samidi Yasma S.Ag, M.Pd. as the Mathematics

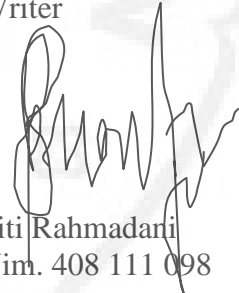

Teacher which always help during my research and all of staff in SMP Muhammadiyah 1 Medan .

I say thank you too my friend, Efrida Fitri, Yanti Rambe, Eva Puspita Sari, Emil Hani, Farah Diba, Siti Rafiah Rangkuti, Fatimah Nuriani Lubis, Misna Fitriani, and all of my friends at the Mathematics Bilingual Class 2008 which help during the studying at the State University of Medan until I finished this thesis.

I try to finish this thesis but I aware, there are many disadvantage from content and a language. So I hope an advice and critic to make this thesis more perfect than before. And at last I hope this Thesis have a big profit and benefit to the development of learning activities.
